PC HARD DRIVE DISINTEGRATOR*

MASTERSHRED MXHDD

HARD DRIVES

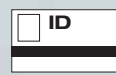

TAPES

X-RAY/MICROFICHE

BLU-RAY/CD/DVD DISKS

CARDS/PLASTIC

FLOPPY DISKS

PAPER

CAN DESTROY UP TO 100 PC HARD DRIVES PER HOUR INTO 3MM PARTICLES  
ALSO SUITABLE FOR OTHER MATERIALS AND APPLICATIONS

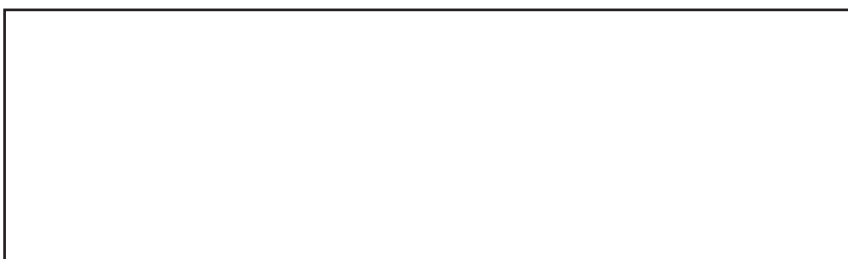

# MASTERSHRED MXHDD PC HARD DRIVE DISINTEGRATOR

- Specifically designed to handle PC Hard drives. (up to 200 per hour) Can also be used for other materials such as CD/DVD/blueray discs, microfiche, x-rays, computer tapes & more.
- Destroys PC hard drives to 3mm particle size using unique high speed rotating blades and 3mm particle screen to guarantee particle size – impossible to read or re-construct.
- Air blower for extraction of processed product and an air filter system that removes dust and particles from the air for safe operation.
- Waste particles compact down giving higher volume per bag and emptying less frequently.
- Optional larger screens also available for use with other materials or lower security applications. Optional dual bag collection system.
- Long life cutting head that can be re-sharpened.
- Motor also available in 65 & 75 hp options.
- Stainless steel screen and storage cyclone.
- Full maintenance service contract available (recommended)
- Automatic power cutoff when access doors are opened.
- Automatic conveyer feed allows automated loading.
- Australian Design.
- Automatic lift to open cutting chamber for easy cleaning. Air compressor included.

Specifications	
Power	415V Three Phase, 50 hp motor
Throughput	Up to 400 - 1000 kg per hour
Throat width	410mm
Shred Size	3mm particle (other sizes available)
Cutting System	15 high strength blades: (12 rotating & 3 stationary)
Shipping Weight	2050 kg
Dimensions (Main Unit)	H 1900mm x W 1600mm x D 2100mm

Volume Guidelines for each material (Volume can be increased by using larger screen)	
PC Hard Drives	200 per hour
CDs, DVDs, Blueray	350 per minute
Microfiche	200 per minute
Video Cassettes	60-70 per minute
Computer Tapes	30-40 per minute
X-Rays	50-60 per pass

Due to our policy of continuous improvement some specifications may change
